program is warranted at the referenced site, at this time. A NFRAP designation means that no additional steps under the Federal Superfund program will be taken at the site unless new information warranting further Superfund consideration or conditions not previously known to EPA regarding the site are discovered. If new or additional information becomes available suggesting that this site may warrant further consideration by the Federal Superfund program, EPA will reevaluate this site accordingly. This NFRAP decision does not relieve the facility from complying with state, local or other federal requirements. Other site-specific decisions (include date for each decision): 09/13/2016 Archive (NFRAP Flag)-All Federal Superfund Work Completed, i.e., no further Superfund interest. (The Archive should only be used once the site is NFRAP=d for site assessment work AND no further remedial, removal, enforcement,				
cost recovery, or oversight activities are planned or conducted at the site. <u>Include</u> in site file documentation showing that removal/enforcement/cost recovery activities, if any at the site, are closed out. Email responses from the enforcement/removal programs are acceptable documentation.)				
Excluded from Eligible Response Sites (As defined by the Brownfields Law of 2002) - The EPA region, after consulting with the relevant state agency, has determined that this site is to be excluded from the definition of an eligible response site. Include in the CERCLA site file a copy of the written communications with the state and the written determination.				
No Further Federal Action (NFFA) - as defined in the Small Business Liability Relief and Brownfields Revitalization Act (Brownfields Law of 2002). CERCLA Section 101(41)(C)(i) authorizes EPA to make a site which was previously excluded, because it had obtained a preliminary score sufficient for possible listing, an eligible response site again. If a site has any planned or ongoing enforcement, cost recovery or removal activities, an NFFA determination will not be allowed.
